

young people of Stoke St. Milborough, Hopton Cangeford, Cleedownton, Cleestanton & Blackford

if the future of where you live matters to you...

...then your opinion matters to us

Hello to all of you aged 18 and under,

We are sending you this leaflet with various questions in it so that you can tell us what you think about living here and also what you think could improve it.

This area that you live in may not always stay the same, because in the future there might be changes made through government that affect the way things are. All of the people of this parish are being asked to tell us what they think is important to them so that we can have the right plan for the future, which will not only make this a better place in which to live but also keep it a beautiful place for everyone to enjoy.

You are the future of this parish and in years to come any changes that are made will probably affect you more than anyone else. That is why we need to know what you think so that any changes that are made are good changes that will improve things for us all, particularly the younger people in this community. Please take a bit of time to look at the questions and give us your answers so that we can take on board what you want to make it a better place for everyone.

Thank you for your time,

Ian Beech

Representing the Stoke St. Milborough Parish Plan Steering Group

Things to do -

What do you do in your spare time: (please tick any of the following you do on a regular basis)
